

Happy Valley

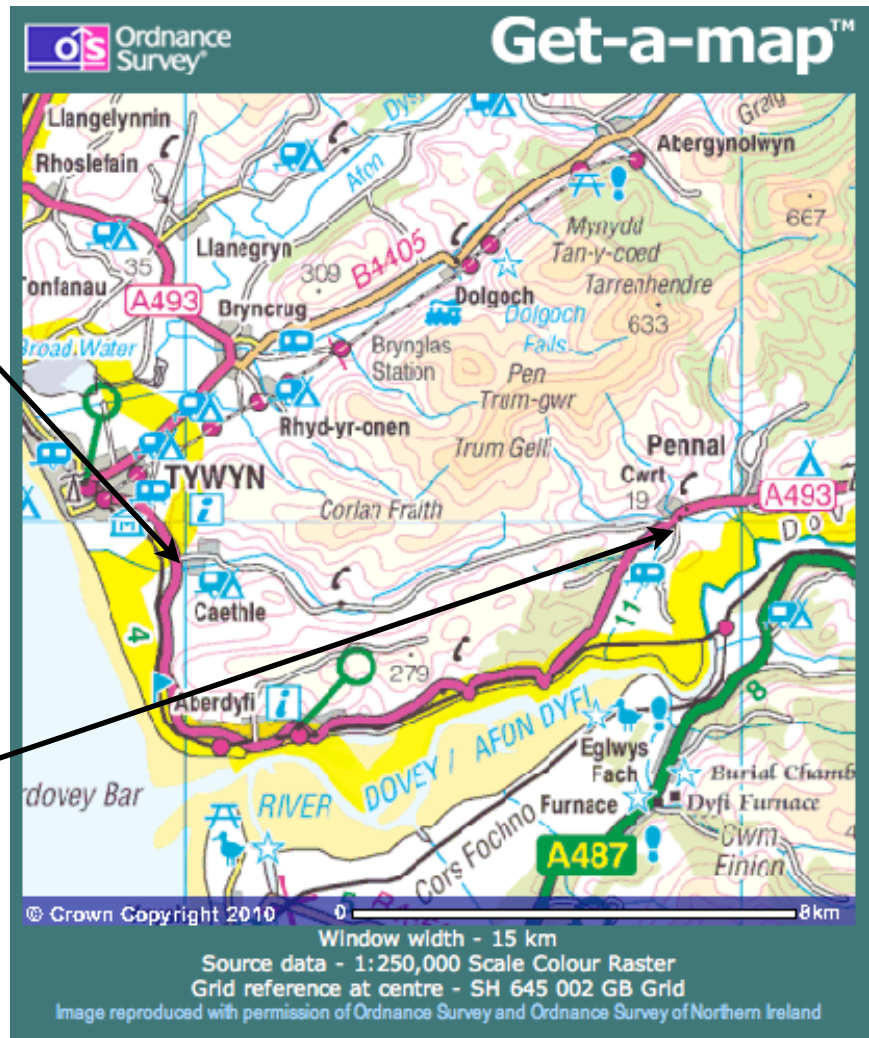

Happy Valley is a pretty drive along a mountain road initially alongside a mountain stream. The road passes the car park where you can take a walk to Bearded Lake - see section on walks.

The route by-passes some of the coast road between Tywyn and Machyllleth. Within driving distance are the Corris Craft Centre and the Centre for Alternative Technology.

Happy Valley runs from the A493 between Tywyn and Aberdyfi via a narrow mountain road.

It rejoins the A493 between Aberdyfi and Machynlleth.

You can return via Aberdyfi, or continue to Machynlleth.

Some views along the route. The first is before the car park for Bearded Lake, the other two are on the way down.
